OAKLAND JACKET

The Oakland Jacket is made of 3L Gore-Tex. It is wind and waterproof with taped seams and designed for those who need lightweight garments in tough weather conditions. The material is sourced from our well-proven military range, which performs very well under professional use requirements. The jacket's low weight and volume make it easy to pack as an additional layer, but it also works excellently for a full day in bad weather. It features reinforcements on exposed areas, ventilation under the arms, a detachable hood, and spacious waterproof front pockets.

FUNCTIONS

- Short 3L Gore-Tex jacket with taped seams
- Extra inner tape along the bottom and at the cuffs to prevent capillary absorption of moisture
- Reinforced hard-wearing sections on forearm elbow and lower back
- Ventilation zip under the sleeves
- Double flap to protect the 2-way zip in harsh weather
- Detachable and adjustable hood with stabilised peak to help shield the face from wind and rain
- Permeable spacious zipped front pockets
- Double mesh inner pockets sealed with zips
- Comfortable Velcro cuff adjustment
- Bottom edge tightened with discreet cords
- Windproof
- Waterproof
