BOUNCE TROUSERS

Flexible insulated trousers that can be worn either under or over other trousers as reinforcement garments. One of the standout features of the Bounce Trousers is their minimal moisture absorption, which allows for exceptionally fast drying. The elastic waistband can be opened on both sides, just like the full-length side zippers, facilitating ventilation, quick dressing with shoes on, and access to the trousers worn underneath.

FUNCTIONS

- Elastic waistband for easy access
- 1-way zipper along the entire sides for easy on and off, as well as ventilation and easy access to the pants inside
- Elastic fabric inside legs for ventilation and increased mobility
- Knee-length

FACTS

Article no.	022222805
