

F1 FIRST RESPONDER INK

First Responder Ink is an effective and professional stain remover developed to help save clothing and textiles affected by difficult stains. The product is used before machine washing and is ideal for workwear, uniforms and other textiles with stubborn marks from ink pens and similar substances. The alcohol-based formula quickly breaks down the stain and facilitates cleaning, without the need for vigorous scrubbing.

FUNCTIONS

- Fast and effective treatment of ink and marker stains
- Gentle on fabric, yet powerful against stains
- Suitable for use on most textiles – test colourfastness first
- Easy application with spray and brush
- Works within just a few minutes
- pH-neutral (pH 7)
- 0.5 L
